Welcome to the Master Control Program. Become the Master of your own reality.

You are Henry Larsen.
Eighteen years old,
attending a school where
everybody is 18+ years old.
And you just downloaded a
strange retro- looking app.

Woah!
That' super retro!
It's text based?

What will you do once you
realize that the program in
front of you can change
reality itself and make all
your wishes and fantasies
come true?

Will you spy on your hot neighbour sunbathing by the pool??

And maybe change
her while doing so?

Will your athletic stepsister end up as a busty pink-loving bimbo?

Or will you yourself
end up as a girl?

Can you use the Master Control Program to make your life more manageable?

Thank you for letting me drive you, Sir. Would you like any further service before heading in?

A quick fuck?

How about a BJ?

No thanks.

Or will you get
cucked by your
best friend who
steals the MCP
away from you?

Fuck yeah!
Give it to
her, Jake!

Will you change
stuff at school?

Will you target the school's athletic team?

Alright girls!

Today this guy will train you. Please follow all of his instructions to the letter.

Yes, Coach!

And change the school into a muscle paradise of amazons?

Or are you going to stick it to that class bitch Cynthia who has bullied you and others on several occasions?

Welcome to the Master Control Program!
Become the Master of your own reality.

Cynthia Erington has to follow any command I give her.

A woman with long blonde hair in a ponytail, wearing a white button-down shirt, a blue and white plaid tie, a white crop top, and a grey plaid skirt, is sitting at a wooden desk. She has a neutral expression. Two speech bubbles are overlaid on the image. The first speech bubble, located in the upper right, contains the text "Hey Cynthia.". The second speech bubble, located in the middle right, contains the text "LoL. What do you want loser?".

Hey
Cynthia.

LoL.
What do you
want loser?

I can't
believe he is
making me
wear this!

Or have you ever dreamed of playing a round of MCP-powered Dungeons and Dragons with the nerd girl from class?

Hi!
Yeah, sure you can join our DnD group! Our GM called in sick!

What a coincidence

...

Buckle up for a hot round of DnD where thanks to the MCP all players look like their Characters!

Hi!
I'm Sally, a skunk-voik rogue.

I'm playing
as Elandra
an elven
paladin.

And yes, this
chain-mail bikini
has more armor
rating than a full
plate. It's magical!

And I am playing
Vanya. A warlock
with a knack for
domination
magic.

Watch as these four players with their stereotypical characters fuck up their epic quest and end up changed for real! 😊

Not into DnD? Why not turn everybody at school into busty bimbos and enjoy the new curriculum?

The decision is
up to you in this
500+ page-long
interactive
story!

Hello, Hexxet here,

“The Master Control Program at School – Henry’s Story” will come out in November on my Patreon for PAI Supporters or in my Gumroad-Shop.

It will be an interactive story with multiple endings, over 500 pages of content and it is planned that there will be up to three more such PAI books in this universe showing more branches from the perspective of other characters that may get their hands on Henry’s MCP App. (But implementing those is future talk 😊).

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops:
