So...Mama B! It's been a month. Are we cooled off now?

You ate my daughter alive. I'm still red hot!

That you are! 😘

Are you going to give me my daughter's phone back ever?

I'd be more than willing to hand it over in person!

Oh! Also, I saw the picture you used for Tara's memorial service. It was a very cute one of her.

My precious Baby girl. Don't you see now how innocent she was?

But I think you should have used this one of her for the funeral 🍆

Naughty Daughter! 😂

Is there no end to your bullshit?

Oh...fuck. Tara kept a delicious beach pic of herself in here.

I mean come on!! You gotta admit that you baked some of the sweetest cake on Repta. Like... you didn't think she WOULDN'T get gobbled up, right?

Don't push your luck anymore trash. Just because Tara technically signed your little legal trap document doesn't mean I won't still find a way to get you behind bars. The Cadets aren't as forgiving as the courts. And you'll slip up...soon.

Womp womp, mood killer. 😞
Alright alright I'll stop lol. Truce.
