ARTIST RESOURCES!

This web/platform will allow you to include your gifs as stickers on Instagram! BUT you have to be accepted as an artist here, and to get this, you have to upload at least 5 files!

To get this, you can go to (...) in the Navigation Menu >> Support (About) >> Giphy for Brands and Artists >> Apply for An Artist Channel >> here.

They will send you a message once you have been accepted (I'm still waiting for mine, and I'm excited!)
