

So it's true
that
if I drink it,
it will set
the villagers
free!?

Yes
I promised.
Drink and
free.

I've never heard of goblins using medicine...

But if the lives of the people can be saved....

! Oh yes

All right,

I'll drink that...

It's amazing!
It feels too good to have a cock gurgling

and rubbing against the back of my vagina.

Please bless me.

Please ejaculate!
Pour your sperm directly into my womb.

Although
I am an inadequate
female slave,
please use me as
a urinal at
any time.
♡

Know
your place!

I don't know
how you got into
your father's
good graces,
but you
can't fool
my eyes!

I'm sorry
to hear that.

I have sworn
to serve
the princess
and the kingdom.

You fucking
cheeky
little bitch!

I'm an
excellent
educator,

but you're
using a barbaric
female knight
as a maid.

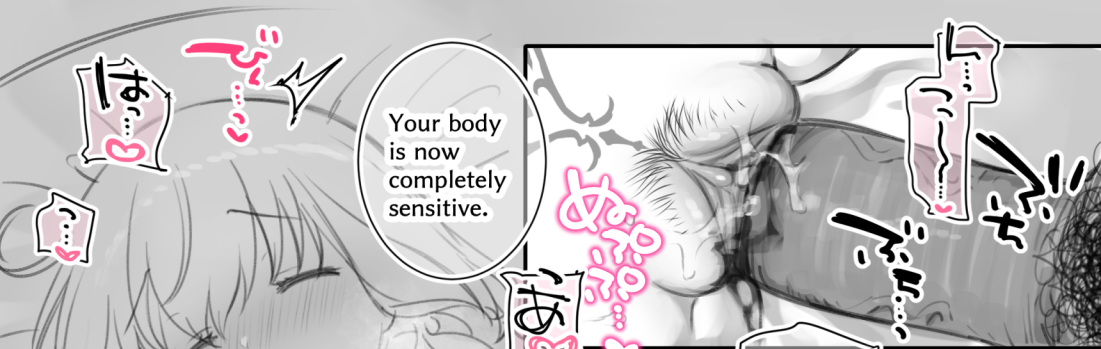

Every night,
you are raped
by a man you despise,
not knowing that
you are being raped
by a man you
despise.

What's more,
your virginity
can be restored
as many times
as you like
with the
help of this
emblem.

Your body is now completely sensitive.

How dare you look at me in the daytime with such contempt, as if you were looking at livestock!

How does it feel, Princess, to have your virginity taken from you again and again?
