

Walkthrough v. 0.0.6

Prologue

Pee right now

Not right now

The second option doesn't close watersport; you will be able to change your mind

... or girl

... definitely a boy

Minor changes in dialogues. You will be able to change your mind

June 1, Monday. Day 1

Spare me these dirty details

Make sure don't miss anything

The first option closes Watersport fetish and all related repeating events permanently

Order pizza on the Internet

Go to the groceries

Ordering pizza will allow you to spare some time for going to the beach.

Going to the groceries and cooking food will take a lot of time, and you won't be able to go to the beach.

Both routes are acceptable.

Shave pussy and armpits

Shave armpits only

Shave pubes only

Shave nothing

Choose what you like more. This choice is permanent in game, but can be changed anytime from the game menu.

If you didn't order pizza:

Masturbate

Not right now

If you choose to masturbate, you won't be able to do this again till tomorrow. MC won't be aroused enough to have some fun at night and watch lewd videos.

If you ordered pizza:

The pizza will be delivered randomly by pizza boy or pizza girl

Give nothing

Give normal tips

Give good tips

Give nothing – next time a pizza will be delivered by another person;

Normal tips – next time a pizza will be delivered by a random person;

Give good tips – next time a pizza will be delivered by the same person

Buy a swimming suit

Buy new cellphone

The order doesn't matter. You will visit both locations anyway

If you ordered pizza:

Go Home

Go to the Beach

Both routes are acceptable

If you go home:

Have a nap

Watch TV

Choose to **Watch TV** to get more content and have night bedroom events

If Watch TV:

Watch the show

Watch something else

Then

Watch it

Don't watch

Choose **Watch something else**, then **Watch it**. You will watch randomly (chances are equal):

- Boring movie – MC falls asleep
- Erotic – increases MC's arousal
- Erotic with bed end – increases MC's arousal
 - Fun – increases MC's mood
- Fun and erotic – increases MC's mood and arousal

To have bedroom events, make sure the movie is fun and erotic. MC will say, "It was just fabulous! It's the best movie I have ever seen!"

If didn't masturbate yet:

Masturbate

Don't

If you choose to masturbate, you won't be able to do this again till tomorrow. MC won't be aroused enough to have some fun at night and watch lewd videos.

I should suppress them

I should have some release now and then

Choose the first option if you don't want MC to masturbate or have sex. Otherwise, choose **I should have some release now and then**

Night bedroom event

*It's available if your **mood is normal** or better, **health is okay** or better, and **arousal is aroused** or higher.*

Go to sleep

Have some relief

Choose **Have some relief**

Night bedroom events split on **Foreplay**, **Play**, **Cumming**, and **Postorgasmic bliss**. Most of the options have several animations that appear randomly. The first set of options you see is Foreplay. At the beginning of the game, you will see only three options:

Play with breast

Rubbing thighs and pussy

Humping

Choose whatever you like.

The next set of options is a Play:

Take off / Put on panties

Watch something lewd

Rub pussy

Hump the pillow

For **taking off panties**, your **initial arousal** (before foreplay) must be **Horny** or higher.

For **watching something lewd**, your **initial arousal** must be **Horny**, and your **mood** must be **Fine** or better.

Choose **watching something lewd** to learn more fetishes and open more play options.

Watch something lewd

Here MC can learn about different fetishes. There're six fetishes available for studying at the beginning of the game:

Hand Job (HJ): Slutty teen practicing handjob with banana

Foot Fetish (FF): Foot Fetish: Compilation

Pussy Play (PP): Babe Rides Dildo in her Bedroom

Anal Play (AP): Slutty Teenager Girl Fingers her Ass

Exhibitionism (EX): A Couple has Sex on their Backyard

Sensual Teasing (TS): Boyfriend Gives Me a Sensual Massage until I Beg Him to Fuck Me

Choose whatever you like, but it's better not to choose HJ if MC hasn't bought some food

June 2, Tuesday. Day 2

Workout

Relax today

Workout is preferable because it eventually increases your health. Though, both options are acceptable. If you learned EX, you would have some extra content.

If Workout:

Put on a green sport suit

Put on a grey sport suit

The green sport suit is more revealing, but you can't wear it without learning EX

MC would be wearing another T-shirt during home routine events if you learned EX

Order pizza

Go to the groceries

Cook something

Don't order pizza if you did it yesterday. Otherwise, MC will feel bad at night. If you ordered pizza for the second time anyway, you would have some extra content if you learned EX.

Some extra content if you Watched something lewd yesterday

Some extra content if you learned PP yesterday. It will open travel to Red District in the future

Answer

Ignore

Choose Answer. You will get a new job. Also, it will increase your mood

On the beach:

Events vary depending on what fetish you have learned:

Some extra content if you learned EX

Some extra content if you learned FF

Some extra content if you learned PP

Some extra content if you learned AP

Some extra content if you learned TS

Women don't have periods in my world

Obviously, they have periods (no physiological details)

The first choice closes all related events permanently.

Order Pizza (if hasn't ordered today)

Go to the groceries

Cook something

Ordering pizza is not available if you ordered it in the morning. Don't order pizza if you did it yesterday. Otherwise, MC will feel bad at night. If you ordered pizza for the second time anyway, you would have some extra content if you learned EX

Night bedroom event

To get this event, you must have: **mood is normal+**, **health is okay+**, and **arousal is aroused+**.

Go to sleep

Have some relief

Choose **Have some relief**

Foreplay:

Contains more animations for each choice that appear randomly

If you learned **PP**, you would get **Pussy Fingering** option

If you learned **AP**, you would get **Anal Fingering** option

Play:

Contains more animations for each choice that appear randomly

If you learned **PP**, you would get **Pussy Fingering** option

If you learned **FF**, you are able to see related animation choosing **Rub Pussy** (appears randomly)

Cumming:

Contains more animations for each choice during Play that appear randomly

If you learned **TS**, you would get **options:**

Cum

Play a little more

Play a little more is the chance to come back to Play options. The initial chance is 60%, and it increases by 5% after each use of this option. You can choose to **Play a little more** several times, but each time it's harder and harder (the chance is 10% lower for each next attempt.) In case of failure, MC can't stop it and cums.

Watch something lewd

To have mood and arousal high enough, you have to:

Watch something lewd yesterday OR

Don't masturbate yesterday at all

All existing animations are updated, taking into account that MC has tanned.

New content:

Blowjob (BJ): Teenager girl suck cock (requires HJ 50%)

Anal Play (AP): Slutty Teenager Girl Fingers her Ass (next level)

Exhibitionism (EX): Young chick drives nude (next level)

Sensual Teasing (TS): Teasing my girlfriend with a feather (next level)

Choose whatever you like

Get up early for work

Don't go to work tomorrow

If you choose the second option, you will skip the first day of your work. But it's not critical.

June 3, Wednesday. Day 3

If "Get up early":

Car Wash

Check it

No need

Check it will lead to some extra content if EX is learned; doesn't influence the storyline

If "Don't go to work tomorrow":

At Home

Get ready for a new wonderful day

Skip morning routine

You can skip morning routine in the bathroom. Though, you will skip some extra content if EX is learned

Home workout

Jogging in the park

Watch TV

Choose whatever you want. Though:

Jogging gives more health points than **Home workout**;

Watch TV will allow you to watch culinary shop (increases cooking skill) or watch a movie (increases mood/arousal, depending on movie type);

Home workout has extra content and two options of sports suit for EX

Go to shower

Skip home routine

Skip home routine will hide showering and having breakfast (you won't be able to order pizza.) You won't lose any points by skipping routine.

Drunken Monkey

Stay at work (long shift)

Go Home

Stay at work allows you to earn \$200, but you skip walking in the park and a travel to Red-Light District. If you choose Go Home, you will earn \$ 120, but return home early enough to have more options of what to do.

Go work / Go home right now

Go pee first

Appears only if you're into watersport. Choose the second option to pee at work, or the first option to pee at home.

Don't even try to imagine – it's disgusting

Try to imagine – it may help

Choose the first option if Futa/Trans is not your thing.

If "Go Home":

Go for a walk

Go to Red-Light District

Watch TV

Have a Nap

Choose **Go for a walk** or **Red-Light District** (if available) in order to maximize mood and arousal at night.

Red-Light District will be available if PP is 5%+ or AP is 13%+.

Go for a walk contains some extra content for EX.

If “Go for a walk”:

Sit on the bench

Stroll along the alley

Walk on the pond

Go deep into the park

In order to maximize mood and arousal:

If EX is learned – choose anything; you will get extra content everywhere except for **Stroll along the alley**.

If TS 25% – choose **Walk on the pond** (you’ll find a feather.)

Otherwise, choose **Stroll along the alley**.

If “Walk on the pond”:

Sit down for a while

Swim

Swim appears only if EX is learned. Choose anything.

Go home right now

Go to the restroom first

Appears only if you're into watersport. Choose the second option for related scene (doesn't affect anything.)

If "Go to Red-Light District":

Order Taxi

Don't go there

Choose **Order Taxi** if you have enough money for taxi and sex shop stuff (taxi round trip \$40 plus \$25 for lube or \$60 for a dildo.)

Walk home

Return to Sex Shop

Choose **Return to Sex Shop** to befriend Jackie (Sex Shop clerk) and return home not too late for night jogging.

Night jogging

Take a bath

You will get this option if you didn't jog in the morning and didn't return too late from Red-Light District. Contains extra scenes for EX if you put on green sports suit.

If bought Pills at Red-Lights District:

Take a pill

Not today

Pill increases arousal by 1 without any negative effect.

Get up early for work

Don't go to work tomorrow

Choose first option to go to Car Wash tomorrow.

June 4, Thursday. Day 4

Home workout

Jogging in the park

Watch TV

Choose whatever you like. Jogging gives a bit more health points than home workout. Keep in mind that you can jog only once a day – in the morning or at night.

Go to the groceries

Cook something

Order pizza

Choose whatever you like. You **can go to the groceries** without panties if ex 17%+. Also, you can buy there some sweets that increase your mood. **Ordering pizza**: you can make a show for pizza boy / girl if ex > 17%+.

Next is doing laundry. If $ex > 0$, MC will expose herself (the higher ex – the more exposition); if $ex \geq 17\%$, you can go pantieless.

Do cleaning

Go to mall

Blowjob practice (if bj 20%)

Choose **Blowjob practice** if you have this option. It won't take much time.

If you need to buy a uniform got Car Wash – **go to the mall**. Otherwise, **cleaning** is preferable (but not necessary). Cleaning increases your mood, while dirty apartment decreases your mood.

If go to mall:

Have a good time and spend some money

Just hang around and save money

Choose first if you need to but a uniform for car wash (it costs \$40.) Additionally, first option would cost you \$50 – \$70, but your mood would raise (while the second option would change nothing.) If $ex \geq 17\%$, you can go pantieless.

I just do your job (rude)

Ask for excuse (polite)

Polite answer would bring some benefits in the future.

Dick

STD

Choose whatever you like. Just minor dialog changes in the future.

Stay at work (long shift)

Go Home

Choose whatever you like. Long shift would bring more money, but you won't have time to visit Red-Light District today.

If short shift:

Watch TV

Have a nap

Go to Red-Light District

Choose whatever you like except for having a nap (it has no benefits.) **Watching culinary show** on TV would increase your cooking skills; **watching movie** could increase your mood and/or arousal. **Visiting Red-Lights District** could be beneficial if you need to buy something in Adult Boutique.

If Go to Red-Light District:

Walk Home

Return to Sex Shop

Returning to Sex Shop would lead to increasing relations with Jackie. Also, **Walking Home** should not be chosen if you are going to get up very early tomorrow.

After returning home:

Night jogging

Take a bath

It's healthier to have a night jogging before bathing. You won't get this menu if you have already jogged today.

If ex 20%+, you will be able to sleep without panties.

Get up early for work

Don't go to work tomorrow

Choose first option to go to Car Wash tomorrow.
