Key: G

The complicated lick -

- This lick would sound great over the first 4 bars of a blues
- Do your best to practice it but if you can't play that is okay
- We are going to learn how to practice hard licks like this one
- I am also going to show you how to simply these hard licks and take this idea and make it more manageable.
- Do your best, but the most important thing is to be familiar with this lick
